Digital Devices : Thirds (Year 7) Only

We partner with a trusted third-party supplier to provide pupils with access to a standardised digital device during the first three years in the Senior School (Thirds, Removes and Lower 4th – Years 7, 8 and 9). The scheme offers flexible purchasing options via an online portal, including outright payment or instalment plans spread over 12, 24 or 36 months.

Each device includes break/fix insurance that covers accidental damage and theft (excluding loss). Devices will be fully managed by Bancroft's and will have digital safeguarding software installed. This management will remain in place until the end of Lower 4th (Year 9), at which point the devices will be released from our mobile device management system, allowing you to reconfigure them for personal use.

Further information about the scheme will be provided before your start at Bancroft's Senior School.
